## **CONFLICT OF INTEREST POLICY**

### **ARTICLE I - PURPOSE**

The purpose of the conflict of interest policy is to protect You Are The Power (the "Organization")'s interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the Organization or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

## **ARTICLE II - POLICY**

Directors and officers are expected to use good judgment, to adhere to high ethical standards, and to conduct their affairs in such a manner as to avoid any actual or potential conflict between the personal interests of a director or officer and those of the Organization. A conflict of interest exists when a director or officer's loyalties or actions are divided between the interests of the Organization and the director or officer's interests. Both the fact and the appearance of a conflict of interest should be avoided.

### **ARTICLE III - DEFINITIONS**

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

- a. An ownership or investment interest in any entity with which the Organization has a transaction or arrangement,
- b. A compensation arrangement with the Organization or with any entity or individual with which the Organization has a transaction or arrangement, or
- c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Organization is negotiating a transaction or arrangement.
- d. Compensation includes direct and indirect remuneration as well as gifts or favors that aren't insubstantial. A financial interest isn't necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

#### **ARTICLE IV - PROCEDURES**

## 1. Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest or organizational affiliation and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

## 2. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest or organizational affiliation and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

# 3. Procedures for Addressing the Conflict of Interest

- a. An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
- b. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
- c. After exercising due diligence, the governing board or committee shall determine whether the Organization can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
- d. The governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Organization's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination, it shall make its decision as to whether to enter into the transaction or arrangement.

## 4. Violations of the Conflict of Interest Policy

a. If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflict of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.

- a. Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arm's length bargaining.
- b. Whether partnerships, joint ventures, and arrangements with management organizations conform to the Organization's written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and don't result in inurement, impermissible private benefit, or in an excess benefit transaction.

## ARTICLE IX - USE OF OUTSIDE EXPERTS

When conducting the periodic reviews, as provided for in Article VIII, the Organization may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.
